GUIDE BY YOUR SIDE™

Providing unbiased, emotional support and resources by trained Parent Guides to families with children who have a hearing loss.

*"What Works for Your Child is
What Makes the Choice Right"*

A program from Hands & Voices of Kentucky.

GUIDE BY YOUR SIDE

Guide By Your Side is a Hands & Voices Program that matches trained Parent Guides with families whose child has recently been diagnosed with a hearing loss.

Parent Guides provide unbiased support to families, helping each family make decisions that are right for their child.

Every Parent Guide is the parent of a child who is deaf or hard of hearing. Through direct peer connections, Guides promote self-efficacy and reduce isolation by exploring our common bond, shared experiences, wisdom and insight.

- Guides help families explore the options that will be best for their child and family.
- Guides provide access to local, national and web-based resources. By providing information and resources, Guides empower families to make decisions that are right for their child and their family.
- Guides give parents the knowledge needed to effectively advocate for their child.
